Frequently Asked Questions

-What is BA22D or E27?

We are referring to the end cap of a globe or how it connects to the light fitting.

Standard Bayonet for households.

E27 / E26
ES / PAR30
or PAR38

If it's not a Bayonet there's a good chance that it is an Edison screw type.

- What is the difference between warm and cool white?

WARM

COOL
